

Introducing Clear + Brilliant...

[Our office](#) is one of the first in the DC Metropolitan area to offer the newest laser aesthetic treatment, [Clear + Brilliant](#), by [Solta Medical](#)!

[Clear + Brilliant](#) is a gentle laser that refreshes your skin from the inside out, resulting in naturally radiant and glowing skin! The laser energy creates millions of microscopic treatment zones in your skin, replacing damaged skin with healthy skin. This unique treatment addresses the unwanted signs of aging, making it great for younger patients looking to prevent signs of aging, and maintaining their youthful appearance. With this treatment you can expect to see a more even skin tone, an improvement in the texture of your skin, and a reduction in the appearance of pores. This treatment is safe for all skin types and there is minimal downtime. For best results, 4-6 treatments are recommended.

Be-YOUth-ful always...
